Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent. of such maladies as Billiousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it. *

BOSCHEE'S GERMAN SYRUP can now be purchased right at home; it is the most successful preperation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup, and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggist ....and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cts. *

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanit-plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices *

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

IF heretofore you have been unable to wear a set of artificial teeth call on Dr Cool. He will guarantee all his work *

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Horne Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the case and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits I am truly yours, ALFRED J. BURKE,

Chief Mail Clerk S. F. Daily Evening Post.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, where his old patients and those requiring his services may find him.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

Daily Colonist.

TUESDAY MORNING, JUNE 10TH, 1879.

L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorised Agent in San Francisco.

THE TWENTY-FOURTH OF MAY AT MONTREAL.

Our exclusive dispatches of the 25th ult. furnished a meagre account of the festivities at Montreal the day previous the doings of the Governor-General and the Princess LOUISE, the reception of the Brooklyn regiment and other matters of interest. Papers received last night bring us details of the great event. The Governor-General and the Princess arrived at the Windsor Hotel on the evening of the 23d. The reception of the American troops took place the same evening. The special train, having on board 510 members of the 13th Brooklyn Regiment and 40 veterans, ran through from New York to Lachine where they embarked on board the new steamer Filgate, and having run the rapids the landing took place opposite the Bonsecours market. When the craft came in sight and the strains of "God Save the Queen," played by the regimental band, were heard by the vast crowds lining the wharves and streets, the cheers were enthusiastic and prolonged. The shipping in the harbour was gaily decked with bunting and the yards and and rigging were crowded with sailors. The receiving party comprised detachments from the different city corps with bands; general Sir Selby Smyth being in command. The civic element was represented by the Mayor and aldermen. The most prominent figure on the ground was Rev. Henry Ward Beecher, chaplain of the regiment, dressed in a black frock coat, epaulettes, sword and cocked hat, on one side of which was a black cross bordered with white. Mayor RIVARD presented the Brooklyn corps with a flag and Mr. BEECHER thanked the Canadians for this token of friendship, and hoped the two flags, British and American, would always float side by side, and that the nations would struggle together only on the battlefield of progress. The flag, a very creditable piece of work, was made by the ladies of the Convent of the Holy Name of Mary, at Hochelaga. The troops then marched to the Skating Rink, where they were quartered for the night. The streets and hotels were thronged with visitors from all parts of the United States and Canada and accommodations were exceedingly difficult to obtain. The morning of the 24th dawned bright and the populace and visitors were early astir. The Queen's Own of Toronto, next to the Brooklyn regiment, was best received. At 12 o'clock the line was formed and the Vice-Regal party repaired to the grand stand, the bands playing "The Campbells are coming," and "God Save the Queen." The guard of honor, consisting of the Princess Louise's Dragoon Guards, entered the enclosure, and her Royal Highness and his Excellency, accompanied by a large and brilliant staff, appeared on the ground, amid ringing cheers frequently renewed. The Princess, who rode a fine charger, wore a black riding habit and ordinary hat, with white veil. The Marquis was attired in plain clothes, and wore the orders of the Bath and of St. Michael and St. George. A private carriage which followed was occupied by Lady SOPHIA MACNAMARA, Mrs. DEWINTON, and Mrs. RUSSELL STEPHENSON, who were escorted to the dais in the centre of the grand stand. Her Royal Highness and his Excellency remained on horseback throughout the proceedings and moved over the field as the points of interest changed. At one time they would be at the saluting flag surrounded by their staff, and as the battalions passed they freely conversed with officers acquainted with the different corps. Among the incidents of the inspection may be mentioned the action of one of the veterans accompanying the Brooklyn regiment, who stepped out of the ranks and approaching her Royal Highness requested the honor of shaking her hand in token of his respect for Queen Victoria. The Princess smiled pleasantly and shook hands with the royalist soldier, who was of course highly gratified. On the return of the Vice-Regal party to the Windsor Hotel, in obedience to her Majesty's instructions the following gentlemen were knighted: Hon. S. L. TILLEY, Hon. ALEX. CAMPBELL, Hon. CHAS. TUPPER, Hon. W. P. HOWLAND and Hon. R. J. CARTWRIGHT. Cols. DYDE and GZOWSKI were appointed Aides-de-camp to the Queen. In the evening a grand banquet was given to the Governor-General and the officers of the Brooklyn regiment by the Canadian militia in the diningroom of the Windsor Hotel. The Governor-General proposed the health of the President of the United States, and Rev. Mr. BEECHER proposed the health of the Queen. Rev. Mr. BEECHER preached in the St. James street Methodist Church on Sunday and the Brooklyn regiment left by special train the same evening for home.

IMPROVEMEMTS.

The sound of the trowl, the hammer and the saw resound on every side, and very few houses now seek tenants. Upwards of one hundred buildings of all sorts were erected in this city last year. From New Westminster is received a similar report—new buildings constantly going up and house-room scarce. Still people are heard to complain of dull times; tightness of money; dark prospects, etc. The growth of the towns of the Province and the soundness of business houses under the adverse circumstance of delayed railway and dry dock construction are marvellous. This growth can only be accounted for on the ground that people already in the Province have wisely arrived at the conclusion that there is no country on the earth's surface where they can go and better themselves. California, Australia, New Zealand, the Eastern States, Canada, Europe, all complain of dull times. Wages there have fallen to a scale that is scarcely remunerative. Values have become unsettled in merchandise and business failures in those countries are alarmingly frequent. The man who may leave British Columbia at the present time in the hope of increasing his prosperity elsewhere will, we fear, live to regret the step.

THE FATAL ACCIDENT AT SAVONA FERRY.

The ferry-boat accident at Savona Ferry, whereby a valuable life was lost, cannot be allowed a pass without comment, nor should the lesson it conveys be thrown away upon the Government. A bridge should have been erected at the spot years ago. The traffic at that point is large and increasing. It is by means of this ferry that supplies for a large extent of country reach the farmers of Spullamacheen, Kamloops and Okanagan and other productive sections. By this same ferry the settlers' produce finds a market in the lower country. As may be well imagined the traffic for eight or nine months of the year is enormous. At high water the crossing is dangerous, and no excuse can be found for the failure of successive Governments since Confederation to throw a bridge across the stream and thus insure perfect safety to the settlers and those having occasion to visit this, the most fertile, section of Southern British Columbia. We hope to see a sum brought down in the next estimates for a bridge at Savona ferry and trust that, if voted, it will be applied to its legitimate purpose.

THE ONTARIO ELECTIONS.

The issues decided by the recent political contest were entirely local in their character. They had nothing to do with the National Policy or with the Railway or any other policy of the Dominion Government. Many ardent supporters of the MOWAT Government voted for Conservative candidates for the Ottawa House last year. Beyond the fact that the party organs maintained the same attitude with respect of the local as they did of the Dominion elections, we see no significance in the result, which firmly seats Mr. MOWAT Government for a second term of four years.

Court of Assizo.

[Before Chief Justice Sir Matthew Baillie Begbie, presiding.]

MONDAY, June 9, 1879.

The Court opened at 10.10 a. m. when [illegible] was arraigned on an indictment charging four iron pillars from a [illegible] ship who was defended by Mr. A. R. Robertson, pleaded "not guilty," and the following jury was thereupon empanelled: J. Cameron (foreman), S. Sea, W. Muldoon, J. McCandlish, A. Rutherford, J. Bennett, A. Glendenning, J. T. McQuarrie, A. Clyde, Alex. Donaldson, J. Baker, jr., Thos. Cavin.

His Lordship informed the other petty jurors they would not be required to attend again until notified by the Sheriff.

The Attorney-General, in opening the case for the Crown, explained that the prisoner was indicted on the first count for stealing on the 10th February, 1879, four iron grave pillars, the property of John M. Thain; the second count on the indictment was for feloniously receiving. The learned counsel then explained that Mr. Thain had employed the prisoner to renovate a pedestal over the grave of one of his children buried at Ross Bay cemetery. To do this it was found necessary to remove the four iron pillars in qestion. Mrs. Thain would testify that the prisoner was paid $11 for the work performed and that there was no arrangement made, as would probably be submitted by the learned counsel for the defence, as to the disposition of the pillars. The prisoner left the pillars lying in the graveyard from the month of November, 1877, to the month of February, 1879, when he laid claim to them and sold them to Mr. Buler who placed them around the grave of his wife. These were in brief the circumstances connected with the case.

John M. Thain, sworn, deposed that during his absence at Burrard Inlet his wife had a business transaction with the prisoner; witness bought four iron pillars from the captain of a ship and had them placed round the grave of his little boy in Ross Bay cemetery; recognized the pillar produced as one of the four; the pillars were taken out of the ground and laid alongside one of the graves; they remained there, but in February witness went out to the graveyard and found that they were taken away and set up around the grave of Mrs. Buler; witness went to Mr. Buler and he said he had bought them from prisoner; tried to find prisoner, but could not do so; laid information against him, charging him with stealing the pillars.

Cross-examined—The pillars originally had chains running through them; in the first place charged the prisoner with stealing both the pillars and chains; subsequently found that the chains running through the pillars when placed around Mrs. Buler's grave were not the same chains; the pillars were about 30 or 40 yards from where my child was buried; asked several stone-cutters in the city where the prisoner was before laying the information against him; have been annoyed like all persons who bury their dead in that cemetery by having things removed and stolen from the graves; asked Mr. Buler where prisoner was and he said he did not know.

To the Attorney-General—The tops of three of the pillars are brass and they were not painted black as the one produced is.

Mrs. Mercy Thain, sworn—I have two children buried in Ross Bay cemetery; I employed the prisoner to renovate a tombstone taken from the old cemetery to Ross Bay cemetery; this was in the latter part of November, 1877; he sent in his bill a few days afterwards for $11; I thought it an exorbitant charge and told him that he had not repaired the pedestal according to agreement; nothing whatever was said about the pillars which were standing around the grave; think I last saw the pillars a short distance from the grave about Feb. 20th last; they were on our lot; on the Sunday Mr. Vinter was buried I was at the cemetery and noticed the pillars set up around Mrs. Buler's grave; let the matter remain until Capt. Thain returned from Burrard Inlet.

Cross-examined—The pillars were of no immediate use when the cement slab had been placed over the grave; am quite sure I never spoke to Ingham about taking the pillars as part payment; immediately identified the pillars when I saw them around Mrs. Buler's grave; they are quite different from others in the cemetery; the pillars were left near the grave because we supposed they would be quite safe in the cemetery; first thought that Mr. Buler had taken the pillars, but when I heard Ingham had sold them to him I felt sure he (Ingham) had stolen them.

Asbury Buler, a general dealer, deposed that he employed the prisoner to set up a lead-stone to his wife's grave-stone; made a bargain for that; subsequently prisoner came to him and said that he had four nice iron pillars which would look well around the grave; he said they were rusty; witness bought some coal tar and had them lacquered over; witness also gave prisoner some money to buy the chains to fit them; saw them set up round his wife's grave on the same day as Mr. Vinter was buried; subsequently Captain Thain made a claim on the pillars.

Cross-examined—I gave the prisoner $5 for the pillars; paid him on the 10th May last; the lead-stone cost me $30.

John Cox, superintendent of Ross Bay cemetery, deposed—I recollect the iron pillars around the grave of Captain Thain's child; I pilled them down myself and laid them about 2 or 3 feet from the grave to allow the cement slab to be laid; they laid there until July 1878; saw the prisoner at work there early in 1878; the pillars lay near the grave until the fall of 1878; were removed by some person early in the month of Feburary and put around Mrs. Buler's grave; I took the chain and kept it for Captain Thain.

Cross-examined—I have no knowledge that prisoner ever bought the pillars; he may have done so; I know he had had in his possession several old headstones; he left them in my charge; he told me that he meant to try to buy the pillars; know he has purchased second-hand railings from various persons; saw him at work for some three days on the stone of Capt. Thain's child's grave; he had to bring his tools, cement, &c., in a dray and take them away by the same means.

The Attorney-General stated this closed the case for the Crown.

Mr. Robertson, having briefly addressed the jury, proceeded to call evidence for the defence.

George Rudge, a stone-cutter, deposed that he had seen the work performed by Ingham on the gravestone and that he considered it well done and worth $15 or $16.

Hugh Wright deposed that to the best of his belief the prisoner was working at Nanaimo getting out stone about February last.

George Stolly deposed that he had known the prisoner for three years or so and from his knowledge of him did not think he would be guilty of stealing.

John Gray, cement sidewalk layer, deposed that from his knowledge of prisoner it is highly improbable he would be guilty of stealing; witness knew nothing of his transactions with Mrs. Thain.

Mr. Robertson then addressed the jury on behalf of the prisoner and submitted that he had acted under a mis-apprehension as to facts in connection with the transaction with Mrs. Thain. The learned counsel regretted that he was unable to place his client in the witness-box. It was a great hardship against the prisoner that such was the case because he was entirely innocent of the offence with which he is charged. It would not be so hard against a guilty man, because he might, if placed in the witness box, possibly implicate himself. His client in this case, however, was not afraid to tell his story. The external indications of the case are that it is highly improbable that the defendant would deliberately steal the pillars for the paltry value of $5 and erect them in the immediate vicinity of the grave to which it is alleged they belong. This would, in reality be courting inquiry. The learned counsel submitted that he had shown that the real value of the work performed was about $16 and the prosecution had adduced no evidence to show why the defendant should accept $11. But when it was taken into consideration that he in all probability took the pillars as part payment and gave a receipt for $11 cash the matter was easily accounted for. To sum up the whole case briefly the learned counsel asked the jury to consider whether the defendant took the pillars with felonious intent, knowing them to be the property of Capt. Thain. He submitted that such was not in the least degree likely. His conduct in the transaction had been thoroughly open and above-board.

No doubt he had taken the pillars—that was not disputed.—but he had taken them in broad day-light under the firm conviction that they were his properly acquired property. He had sold them to the witness Buler for the paltry sum of $5 on three months' credit and had gone about his ordinary business in the usual manner with the knowledge that he had done nothing wrong. The learned counsel in conclusion contended that the charge had been brought in the first place under an entire misapprehension and he would ask the jury to acquit his client without a stain upon his character.

The Attorney-General having replied the Chief Justice proceeded to charge the jury. His Lordship was sorry to say that the case was utterly undefended—indeed a portion of the defence was of such a nature that the Court could not listen to it for a moment. The portion he alluded to was that where the learned counsel had pleaded that it was a hardship the prisoner could not be placed in the witness-box to tell his own story. It was the pride of the English law that a prisoner could not be placed in the box, and submitted to the torture of a cross-examination at the hands of the prosecution. It had also been alleged that Capt. Thain had been too hasty in taking steps against the prisoner, but whilst His Lordship would admit that the prosecutor had charged the defendant with taking more than he really did, still it would appear that the prosecutor had resorted to very natural measures. His Lordship alluded to the fact that the bill was made for only $11, whereas if the prisoner had a claim for $16 that would have been the amount of the bill. Mrs. Thain, too, had sworn most positively that there had been no agreement made with the prisoner as to the pillars and it was not altogether satisfactory to say that Mrs. Thain had made such an arrangement and had forgotten all about it. If, however, the jury had a reasonable doubt the prisoner was entitled to the benefit of it.

The jury then retired and after an absence of 20 minutes the foreman announced a verdict of "not guilty."

His Lordship, addressing the prisoner, told him that he had had a very narrow escape and admonished him as to his future conduct.

This case exhausted the criminal calendar.

Starkes. Bittancourt.—This was an action brought by the plaintiff to recover $300 damages for the sale by the defendant of the plaintiff cattle. The case was heard without a jury, Mr. Drake appeared for the Plaintiff and Mr. Robertson for the defence.

After a careful hearing His Lordship gave a verdict for the plaintiff in the sum of $100.

PERSONAL.—J. H. Durham, Esq., of the firm of Findlay, Durham & Brodie, Wharf street, leaves to-day for England. He was entertained last night at the Driard House by a number of the firm's friends in this Province.

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

MONDAY, June 9th.

Sam. Askew, charged with being a vagrant.

Mr Courtney stated that the prisoner was infirm and poor and unable to maintain himself and asked that he be remanded for three days. Remanded.

Wm. Playfair was called.

W. Playfair, charged with supplying an intoxicant to an Indian woman.

Mr. Theo. Davie (to the Court)—I hope your Honor will not regard the proceedings of last Frfday, which you witnessed in Court, as prejudicial to the prisoner, who thought that your Honor had agreed in opinion with me and that he was entitled to his liberty and to leave the Court.

His Honor—What I saw will not influence my decision. I must hear the evidence as usual.

Constable Loutette, sworn—Saw the prisoner giving liquor to Lucy an Indian woman; there was a white man, a white woman and an Indian woman present at the time.

Cross-examined by Mr. Theo. Davie—Was in the house next to the prisoner's and saw him through a chink in the wall, at the time he was giving the whiskey to Lucy; the bottle was nearly full when Playfair was filling the glass.

Counsel asked the Indian woman if she had any liquor about her person and she said no, but that she had had some from the prisoner.

Lucy was examined and stated that Playfair gave her whisky. She bought whisky herself that morning; all the persons in the room drank out of the glass produced. She is a native of Wrangel and her father is dead; she also was a Stickeen Indian.

Mr. Theo. Davie, addressing the Court—Without entering into the merits of the case, there is no legal evidence upon which to convict. Prisoner is charged with supplying liquor to an Indian. The term Indian has a statuable significance and means either an Indian man reported to belong to a band located on property belonging to the Crown, or the wife or child of such person. In this case the woman Lucy was not the wife or child of any Indian belonging to a band located on property the fee simple of which is in the Crown; but on the contrary is a native of a foreign country and is consequently not an Indian under the Act. She may be a non-treaty Indian; but that is a different class of individual entirely. The defendant here is not charged with supplying to a non-treaty Indian and the Court is governed by the charge.

Mr. Courtney insisted that the woman is an Indian and that the act of supplying her with liquor was illegal, and he hoped his honor would convict.

The Court (to Mr. Davie)—You have raised a point that is of some importance and I shall take time to consider it.

Mr. Davie would reserve his defence until his honor had decided the point at issue.

Wm. Playfair charged with having assaulted the police (this assault was committed on Friday last when the prisoner, influenced by the eloquence of his counsel, attempted forcibly to leave the room.)

Constable Lindsay proved the assault. It was committed during the course of an argument that had reference to the arrest of the prisoner. Witness took him into court.

Constable Loutette corroborated the testimony of the last witness.

Mr. Davie—It will be necessary to show that the man was legally arrested.

Constable Loutette—The man was before the Court, as Mr. Courtney stated that he appeared for the prosecution. Witness arrested the prisoner who was accused of supplying whisky to an Indian woman. Had no warrant authorizing the arrest.

James Robson, gaoler of Victoria gaol, sworn—The prisoner was handed over to me on Friday last charged with giving whisky to an Indian woman.

Constable Dale, sworn—Assisted in arresting the prisoner. Had no warrant for his arrest, but was informed that a constable at the prisoner's house required assistance and consequently went there.

Inspector Todd, sworn—Constable Loutette sent in his resignation a month ago, but he continued in the service at my request until his successor was sworn in. He ceased to act as police constable about noon on Friday last. He was on duty and under my orders up to that hour on Friday.

In cross-examination witness said that the resignation of Loutette was accepted a month ago and reported to the City Council. Last Wednesday evening his successor was appointed; but Loutette did not get his discharge until Friday afternoon.

Mr. Davie thought he could show the Court that Loutette was not a constable and was not entitled to act on Friday last.

The prisoner, being represented by Counsel, declined to make a voluntary statement.

He was committed for trial at the Assizes.

Geo. Bedford, charged with being a vagrant.

Constable Lindsay, sworn—The man has been strolling round town for two or three days doing nothing, and there is another charge against him for supplying whisky to an Indian. He was drunk and disorderly yesterday on the streets.

Mr. Robt. Smith, for the defence, said the proceeding is very irregular. This system of mixing up two charges is a very bad one and there should be information sworn in the case.

Magistate—Information ought to have been sworn.

Mr. R. Smith put in a plea of not guilty and cross-examined the witness, who said prisoner is sometimes employed; does not know whether he earns as much in a month as would pay for his living, but knows that he is very often drunk and making a noise on the streets. He was drunk and disorderly when arrested on Sunday.

Mr. R. Smith—This man, your honor, is not a vagrant; it is true that the prisoner drank a little too much.

To the prisoner—Show his honor your hands, they are as hard as a brickbat and therefore cannot be a vagrant's.

Magistrate to Mr. Smith—Do you not know this man? The constables do. It is their duty to preserve the peace of the city. It is quite useless to give advice to men of this class; they constantly return to their old habits. This man was let out on his own recognizance lately and you would do well, Mr. Smith, to advise him to go where he is not so well known.

The prisoner was sentenced to a month's imprisonment with hard labor.

Billy, an Indian, was charged with having an intoxicant in his possession.

The prisoner pleaded guilty and was sentenced to a month's imprisonment with hard labor.

AT LARGE.—A bull roamed at large through the city on Sunday. The streets presented quite a pastoral appearance in consequence.

THE SOUTH AMERICAN WAR.

Particulars of the Latest Naval Battle.

NEW YORK, May 30.—A *Herald* London telegram says that a cable dispatch from Santiago, Chile, received this morning *via* Rio Janeiro and Pernambuco, reports that a desperate naval engagement has just been fought off the harbor of Iquique, on the southern part of the Peruvian coast, between the Chilean wooden ships-of-war Esmeralda and Covadonga and the Peruvian ironclads Independencia and Huascar. The Chilean ironclads sailed toward the south, leaving the corvette Esmeralda and the gunboat Covadonga Umperaras in blockade. The Peruvian war vessels Huascar and Independencia had been closely watching the movements of their enemy, and as soon as the ironclad portion of the Chilean squadron was gone steamed up to the entrance of the harbor and vigorously attacked. The defence of the Chileans was most heroic. The inequalities of the combat were evident from the first, but the officers in command of the wooden vessels did not hesitate. They accepted battle, and with creditable result. The fighting was of the most desperate character. In the early part of the engagement the Independencia did severe work against the wooden sides of her antagonists, but the Chileans handled their gunboats in such a way that the weak parts of their enemy's vessels were always exposed to the fire of one or the other of their ships. One of the Chilean vessels was sunk in action, and the Independencia and another Chilean boat went down soon after. It is not stated how many men were killed in the action, or how many were drowned with the sinking vessels. Another dispatch from Santiago, dated May 28th, sent by way of Rio Janeiro, states that the Chilean fleet had repulsed the Peruvian fleet off Iquique. This may refer to the above engagement or it may be that a general battle took place, upon the return of the Chilean ironclads.

OREGON.—A strange young lady arrived at the Chemeketa Hotel, Salem, Oregon, on the 29th ult., who could not be induced to register her name. She not only refuses to talk, but has not uttered a word since her arrival and spends most of the night in bitterly weeping. The Salem *Town Talk*, speaking of the mysterious visitor, says: "She weighs 10 pounds, and will be one year old May 19th 1880, and is a gal."

MUST ENTER.—A communication was received yesterday by Mr. Jas. Price, U. S. revenue officer resident here, from the collector of customs at Port Townsend to the effect that no British vessel can be allowed to enter the Puget Sound district without the usual notice of entry at Port Townsend. This may possibly have some effect on the projected excursion to San Juan on Dominion day.

AQUATIC.—The four-oared boat race which took place last evening between the crews of the twin boats Dart No. 1 and Dart No. 2 resulted in the easiest possible victory for the former, who, gaining the lead at the start, held it all the way and eventually won by some 20 lengths. The race was witnessed by a large concourse of spectators. Time of winning boat, 22 mins.; losers, 23 mins. 40 secs.

POLICE SUITS.—The City Police have appeared in their new navy-blue serge coats—very tasty-looking, well cut and made, demonstrating that white tailors are as capable of making clothes as Chinese tailors. It required an expenditure of printer's ink to make the fact evident; but—no thanks, gentlemen. We beg of you—no thanks.

PORT TOWNSEND, June 6.—A few days ago a man on the west side of Whidby Island picked up a case of black walnut chairs, which drifted ashore from the wreck of the Great Republic, a distance of about 300 miles.

Yesterday the bark Camden, from Honolulu, was becalmed near Cape Flattery and drifted within three cable lengths of the Vancouver shore, when the captain dropped anchor. In clearing he was obliged to slip the cable, losing the anchor and forty-five fathoms of chain.

There is a large accumulation of mail matter here for Alaska waiting the arrival of the California.

PURE AQUA.—To-morrow evening or on Thursday morning filtered water will be turned on and the city will be supplied with the pure article for the first time in two years. ELECTRICITY! THOMAS' ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured Bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical: J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm. McGuire, of Franklyn, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes "Please forward 6 dozen Thomas' Eclectric Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it.' J. Depford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodford, writes, "Send me some more Eclectric Oil. I have sold entirely out. Nothing takes like it." Miller & Reid, Ulverton, P.Q., writes, "The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMPOSTERS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE—*Eclectric*—Selected and Electrized.

CALIFORNIA.

SAN FRANCISCO, June 7.—The C. P. R. have commenced a great as well as a costly improvement at Oakland. A bulkhead is being built on the north and south sides of the present wharf and the middle is to be filled in with rock. The local track will be built on this foundation.

Last night Charles White, a waiter, shot himself in the side on Tay street. He was removed to the city hospital where the bullet was extracted from his back. Cause: getting the mitten from his young woman. He was a married man, but had separated from his wife, and was courting the lady, when she hearing of his having a wife, sacked him.

At a temperance meeting at Howard street Methodist Church last evening Mr. Murphy announced that nearly 5000 persons had enrolled themselves as temperance men and women during the past three weeks.

SAN FRANCISCO, June 7.—Consolidated Virginia has declared a dividend of fifty cents a share.

EUROPE.

BERLIN, June 7.—In consequence of the growth of the Russian and French armies and in view of the increase of taxation the Government is considering the advisability of increasing the army and of asking a perpetual grant from Parliament. The Pope has submitted it is said, definite proposals to end the clerical controversy; but the government is disinclined to accept them.

LONDON, June 8.—The *North German Gazette* states that the German foreign office has received confirmation of the reports of the destruction of the German mission station in Natal and of the ill treatment of the missionary by the British. Communications are still proceeding with the British government on the subject.

A dispatch from Sophia announces that the late governor of Sophia with a body of Cossacks have started to occupy the districts of Irn and Brezhik held by Servians battalions. Bulgarian militia has been ordered to cooperate if necessary. Official intelligence has been received that violence and bloodshed occur daily in Jumna, Arta and Previsa caused by the insubordination of the Turkish troops.

SOUTH AMERICA.

LONDON, June 7.—Intelligence from Santiago de Chili, capital of the Republic, dated 7th of June, says that Bolivia has authorized privateers sailing under her flag to seize Chilian merchandise even in neutral ships and not contraband of war.

THE NORTHERN PACIFIC.

The New President Looks at the Road and Decides to Push the Work Faster.

CHICAGO, June 5.—An *Inter-Ocean* Bismarck (Dakota territory) special says that President Billings, with several gentlemen who liberally subscribed to the recent loan of $300,000 to the Northern Pacific inspected the extension west of the Missouri river to-day. It is reported that the president found the work progressing too slowly, and that he will take steps to stir up the contractors. Billings says it is his desire to build the whole distance to the Yellowstone this year. As to the change of management there is nothing definite, except that Billings means to do the best thing he can do for the interest of the road, independent of personal friendships. It is thought in some quarters that Vice President Stark will be the general manager. With the completion of the division of the Yellowstone, and the Pen d'Orielle division on the Pacific coast, President Billings proposes to establish a stage line between the terminus and thus provide for through travel and mail route before the road is completed.—*Oregonian.*

A Good Hit at the Canadian Beau Nash.

Prof. Fanning is getting to be a well-known character. After teaching dancing in Minnesota, Michigan, and one or two other States, he located in Ottawa, where he instructed Earl and Countess Dufferin and some of their children in the Boston, Rockaway and other American dances. After a brief stay in Toronto, he went to England, managed to get introduced to the Lord Chamberlain, and is now back in Toronto teaching Court etiquette, etc.

The Burlington *Hawkeye* has this to say of him:—

We have been profoundly interested in a work that has just been sent to us the author whereof, Professor B. F. Fanning, aims to give the world easy lessons in etiquette for gentlemen. It is a useful work. Among other things the professor says:

"When calling on a new lady acquaintance, the hat should be taken to the parlor and held in the hand."

This is one of the best instructions in the book. When you don't know all about the lady and her family, young man, freeze to your hat all the time. We knew a young lady who kept her father and four brothers in nice, new stylish hats all the time, by simply instructing the servant to just skin the hat rack every time a young man with giddy hat was fresh enough to leave his hat in the hall. We'll bet a dollar Professor Fanning has just been there himself. And then, besides, a "plug" hat is such a comfortable thing to hold in one's hand. When you can't think of anything to say, you can stroke the hat the wrong way, and then exert your energies during the rest of the visit to getting it smooth again.

DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORGINAL AND ONLY GENUINE.

CAUTION.—Vice Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousand of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—*See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s.
